NEVADA **WOMEN'S FILM**

March 19 - 22

Las Vegas, Nevada

OUR STORY

Nevada Women's Film Festival (NWFFest) celebrates and supports the fair representation of women in film. We are the only film festival in Nevada to emphasize women filmmakers, inclusivity, and complex female characters, stories, and subjects.

NWFFest has occurred **every March since 2015**, and we are now gearing up for the 6th Annual event. Your support helps increase our community presence, improves the services and events the festival can offer, and provides support for our talented filmmakers.

Our annual traditions include the recognition of a **Nevada Woman Filmmaker of the Year** or a **Nevada Woman of Achievement**. The **Vanguard Award**, another yearly tradition, recognizes pioneering achievement for a woman in film, and both new and established filmmakers have received this honor.

Our **Femmy Awards** include **Best Female Protagonist** for a film that features a strong female character, and the **Spirit of Activism** for a documentary (generally) that depicts courageous women seeking social justice. Other events include **panels** which focus on **topical issues** and we have produced a **Young Filmmakers Workshop & Showcase** for children before and during two of our festivals.

NWFFest works to raise awareness of women in film, increase cultural opportunities for Nevadans, educate youth, draw visitors to our economy, and promote the perception of Nevada as an arts and culture destination.

Our vision for the future is to grow into the premier women's film festival in the U.S. by doubling our programming, broadening our events, increasing our audience and attendees (including domestic and international visitors), and strengthening our emphasis on inclusivity and education. By achieving these goals, we can support women the world over to bring their stories to light. Your financial or in-kind gifts can help us in our mission.

Thank you for your consideration in support of women in film and bolstering the Nevada film community. We are grateful for any level of sponsorship.

See you at the movies!

Panel: Professional Women in the Adult Film Industry

This candid conversation will break stereotypes about this field of work. Our esteemed moderator, **Dr. Constance Penley** of UCSB, will lead the discussion.

Just like mainstream moviemaking, women have built long-lasting careers working in the adult business. The women on the panel cover many different decades and facets of the industry and all offer unique
